

KEVIN M. COLLINS
Curriculum Vitae

Department of Statistics
North Carolina State University
2311 Stinson Drive,
Raleigh, NC 27695

Email: kmcolli9@ncsu.edu
Homepage: kecollins.github.io

EDUCATION

North Carolina State University

Ph.D. in Statistics

Dissertation: Advances in Bayesian Inference for Spatial Point Processes

Advised by: Erin M. Schliep

Raleigh, NC
Expected: *May 2027*

Middlebury College

B.A. in Mathematics

Honors: Graduated summa cum laude with High Honors

Middlebury, VT
May 2020

HONORS AND AWARDS

ASA ENVR Student Paper Competition Winner

2025

PUBLICATIONS

Publications

1. **Collins, K.M.**, Schliep, E.M., Wagner, T., and Wikle, C.K. (2026). Accounting for variable detection functions in temporal abundance modeling via transfer learning. *Ecology*.
2. **Collins, K.M.**, Schliep, E.M., Wagner, T., and Wikle, C.K. (2025). Model-based decomposition of spatially varying temporal shifts in seasonal streamflow across north temperate US Rivers. *Water Resources Research*.

Under review

3. **Collins, K. M.**, Schliep, E. M., Gelfand, A.E., Yack, T.M, Clark, C.W., and Schick, R.S. (202x). Analyzing spatial point processes degraded by displacement and imperfect detection. *Under review*.
<https://arxiv.org/pdf/2606.05374>
4. **Collins, K.M.**, and Schliep, E.M. (202x). Efficient Bayesian inference for spatial point patterns using the Palm likelihood. *Under revision at Journal of Computational and Graphical Statistics*.
<https://arxiv.org/pdf/2507.17065>

In preparation

5. **Collins, K. M.**, Schliep, E. M., Gelfand, A.E., and Schick, R.S. (202x). Multivariate point processes with misclassification.

PRESENTATIONS

1. Speaker, Invited Paper Session: "Multivariate point processes with measurement error." *LACSC-TIES-EnviBayes-EnvrASA*, Mexico City, MEX, December 2026.
2. Poster: "Hierarchical Bayesian modeling for degraded point processes" *ENVR Workshop*, University of Houston, Houston, TX, October 2026.
3. Speaker, Topic-Contributed Session: "Spatial point processes degraded by displacement and imperfect detection." *Joint Statistical Meetings*, Boston, MA, August 2026.
4. Speaker, Topic-Contributed Session: "Model-based decomposition of spatially varying temporal shifts in seasonal streamflow profiles across north temperate US Rivers." *Joint Statistical Meetings*, Nashville, TN, August 2025

5. Speaker: “Efficient Bayesian inference for spatial point patterns using the Palm likelihood.” *NC State Summer Seminar Series*, Raleigh, NC, July 2025
6. Poster: “Model-based decomposition of spatially varying temporal shifts in seasonal streamflow profiles across north temperate US Rivers.” *ENVR Workshop*, National Center for Atmospheric Research, Boulder, CO, October 2024

TEACHING AND ADVISING

Courses

Environmental Statistics (ST 495/590), <i>NCSU</i> Co-taught and co-developed with Erin M. Schliep	<i>Fall 2026</i>
Statistics Ph.D. Qualifying Exam Prep Course, <i>NCSU</i> Co-instructor	<i>Summer 2023</i>

Guest Lecturer

Spatial Statistics (ST 433/533), <i>NCSU</i> Point processes	<i>Spring 2026</i>
---	--------------------

Undergraduate Mentoring

Jake Riehle, <i>Seasonal Streamflow Shiny App Development</i>	<i>2025-26</i>
---	----------------

PROFESSIONAL SERVICE

Reviewer for <i>Annals of Applied Statistics</i>	1 manuscript
--	--------------

WORK EXPERIENCE

Mars & Co. Senior Associate Consultant Associate Consultant	New York, NY <i>2021-2022</i> <i>2020-2021</i>
--	--
